#EmpleandoDigital is a pilot project developed by **Fundación Secretariado Gitano (FSG)** and the **Spanish Red Cross (SRC)**, in close collaboration with the **Accenture Foundation**. The project is **co-financed by the Accenture Foundation and the** European Social Fund.

Bringing up-to-date, improving and bringing **innovation** to the processes and methodologies **of our employment programmes** in order to continue successfully supporting the **people** we work with **in a labour market that is being transformed by the new technologies.**

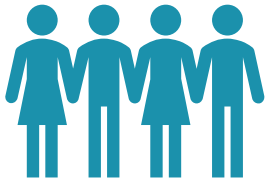
It is key for the most vulnerable people **to be aware of the digital transformation** and have access to digital and technological training in order to be able to access the labour market.



Vulnerable groups, such as the Roma community, women, unemployed people over 45, young people with low qualifications, migrants, refugees and asylum seekers.
